## INTERCULTURAL MEDIATION

In this function I work with social cooperatives, on behalf of the public administration, and in the reception services of schools, hospitals, consultants, prisons and courts.

- I analyze the needs and resources of the immigrant.
- I arrange or re-form a possible assistance plan.
- I carry out linguistic and cultural intermediation activities and can provide guidance to public and private services.
- I carry out training and consultancy activities, not only for immigrants, but also for the staff working in the host country, which interact with foreigners.
